

RESQUE INTERNATIONAL WEBSITE PRIVACY STATEMENT

The following discloses our information gathering and dissemination practices for this website.

Our site's newsletter subscription form requires users to give us contact information, including their name and email address. We use this donor contact information from this form to send out electronic communications and updates about ResQue International. Users may opt out of receiving future communications from our organization by emailing info@resque-international.org.

We do not give or sell your contact information to other organizations or businesses. The only exception to this is if we partner with another nonprofit organization, we may send joint communications.

Our site also uses donation forms from our generous donors to support our programs. We collect the donor's contact information including name, address, phone number, and email address when completing the donation. Contact information from this donor form is used to send acknowledgments and donation receipt letters to our donors. Credit card information that is collected during the donation process is not kept on file for any future use. Your credit card information is processed using licensed, secured software via the Stripe payment processor.

We do not send emails to people that have not established a relationship with our organization. This relationship can start when a user registers for our newsletter on our website, makes a donation to our programs, purchases a ResQue International sponsored event ticket or attends an event held by our organization.
